

# Vanke Hong Kong delivers smart living innovations in its residential property with Infinitem Visum

## Company overview

Vanke Hong Kong (Vanke) is established outside Mainland China by China Vanke Company Limited as the management platform for investment, financing and property development activities.

## Challenges

Vanke, one of the top property developers in China incorporating innovative technologies in its architecture, launches its first wholly-owned residential property – Le Pont in Tuen Mun, Hong Kong. With an initiative that marks its first major residential project in Hong Kong, Vanke would like to introduce the smart home concept to enhance the branding and commercial value of Le Pont and differentiate Vanke amongst competitors.

## Challenges

- Drive sales of Le Pont with more than 1,000 apartments
- Create compelling value propositions
- Meet increasing expectations of residents

## Solutions

- Deploy Infinitem Visum smart mirror
- Customize app launcher and integrate with external systems

## Value created

- Elevate residents' experience
- Add value to the properties and drive sales conversion
- Enhance property developer's branding

**'Upon the deployment of Infitum Visum, PCCW Solutions provides end-to-end solutions from software, hardware, integration services and seamless connectivity, which turn home automation into reality and open up a new frontier of convenience, customer experience and lifestyle choices.'**

— Mr. Quincy Chow, Director for Sales, Marketing and Customer Relations, Vanke Hong Kong

## Smart mirror added as a distinctive element and selling point to Le Pont

With proven experience in delivering digital and IoT solutions to a multitude of industries, PCCW Solutions designs and implements Infitum Visum, an internet-connected mirror with an interactive high-definition touch screen combined with a pre-loaded suite of applications for Le Pont. PCCW Solutions tailors the app launcher to support third parties' external system integration, so that Infitum Visum is not only serving as a full-length mirror and video door-phone system for access control, but enabling residents at Le Pont to easily manage daily routines, receive news and reserve club house facilities via the apps pre-downloaded in the smart mirror.

## Smart living innovations elevate residents' lifestyle

Empowered by Infitum Visum, Le Pont optimizes the utilization of the clubhouse facilities and facilitates property management to provide better services. Residents can enjoy innovative, comfortable and intelligent home-automation experiences and improve quality of life.

Vanke has gathered a strong momentum for selling more than 960
